TRIVIEW METROPOLITAN DISTRICT

2024 BUDGET MESSAGE

The Triview Metropolitan District (the District) is a quasi-municipal political subdivision of the State of Colorado. It was organized to develop and provide certain services to the residents of the District. The District was formed by order of the District Court for the District of El Paso, Colorado, entered in Civil Action No. 85 CV 0893 on May 13, 1985. The District, as a metropolitan district, derives its power from the State statutes. The District has purchased water rights, and has constructed a water distribution system, a sanitary and storm sewer collection system, roadways, signs and other improvements. The District is governed by a five-member Board.

Basis of Accounting

The District prepares its budget on the modified accrual basis of accounting and uses Governmental and Proprietary funds to budget and report on its financial position.

Revenues

Taxes

For the 2024 Budget, the District has imposed a mill levy of 20.500 mills. A temporary reduction of 14.500 mills from the District's regular 35.000 mills was certified to the County in January 2024. Of the 20.500 mills, 16.000 are pledged to the redemption of the District's Refunding General Obligation Bonds (GO Bonds) Series 2016. The remaining 4.500 mills will be utilized for General operations.

Specific ownership taxes are set by the State and collected by the County Clerk, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within, and including, the District.

Intergovernmental Revenue

The District receives shared revenue from the Town of Monument and the State of Colorado from several sources, which include but are not limited to, Sales Tax, Property Tax, Use Tax and Conservation Trust funds.

Fees

The District imposes various fees to help fund improvements to roads, bridges, parks and the water, wastewater and reuse infrastructure, in addition to, utility fees for water and wastewater services.

Funds

General Fund

The General Fund accounts for the administrative, legislative, Parks and Road maintenance operations and GO debt service costs of the District. Revenue received by this Fund is comprised of property taxes, specific ownership taxes, fees, Conservation Trust funds and shared revenue with the Town of Monument. The Fund does an annual operating transfer to the Water and Wastewater Enterprise Fund that accounts for the 2A portion of the sales tax funds received from the Town of Monument.. In 2024, a \$800,000 transfer is budgeted.

Water and Wastewater Enterprise Fund

Revenue is derived from rates and fees charged to consumers for the provision of water and wastewater service. In addition, a \$800,000 operating transfer from the General Fund is budgeted that represents the 2A sales tax funds received annually from the Town of Monument. Expenditures reflected in this fund include, but may not be limited to, water and wastewater operations and debt service.

Capital Projects Funds

The Capital Projects Funds are utilized for Budgetary purposes only for Governmental and Proprietary capital purchases. Revenue derived from Water and Sewer tap fees, leased water, Effluent and Renewable Water fees is accounted for in the Capital Projects-Enterprise Fund and is utilized to pay for water rights and water and wastewater improvements. The Enterprise Fund provides additional support through a transfer, if necessary. The District has budgeted almost \$10,000,000 in water and waste-water related improvements for 2024.

Governmental capital expenditures are accounted for in the Capital Projects-General Fund and are supported mainly by a transfer from the General Fund. Projects include landscape, parks, open space and road improvements. The District has budgeted over \$4,000,000 in total streets and parks capital purchases and improvements in 2024.
